

12-OUTLET 120 VAC, 15A POWER STRIP

PS66

Overview:

The PS66 is a surge protected 12-outlet power strip. It is for use in North America and some Central America countries. It used for connecting single phase AC power to devices.

Applications:

- Used to connect devices requiring single phase AC power.
- For use in USA, Canada, and Mexico, Central America.

Features:

- 12-Outlets.
- Surge Protection.
- 15 Amp Circuit Breaker.
- Single Phase Power.
- Lighted On/Off Switch.

Specifications:

ELECTRICAL:

Input Voltage:	120VAC (110-125VAC).
Maximum Current:	15 VA.
Frequency:	50/60 Hz.
Outlets:	NEMA 5-15R.
Mating Plugs:	NEMA 5-15P, NEMA 1-15P.
Cord:	14 AWG.
AS Suppression:	2160 Joules.
AC Suppression Response:	<1nS.

MECHANICAL:

Material:	Plastic.
Dimensions:	12.0" L x 4.9" W x 1.5" H (304.8mm L x 123.8mm W x 39.1mm H).
Weight:	2.1 lbs (0.95 kg).

CERTIFICATIONS:

UL1449 3rd Edition (AC Suppression):	UL1449.
UL1363 (Power Tap):	UL1363.
CAN/CSA (Canada):	CAN/CSA-C22.2 No. 269.3. CAN/CSA-C22.2 No. 308.
Product Compliance	FCC Part 68. RoHS.

MATING PLUGS

NEMA 1-15P

NEMA 5-15P
